

# Refrigerant Transition and Recovery Certification Program Seminar Registration Form

Please reserve \_\_\_\_\_ space(s) for the following individuals, for the ACCA Certification seminar  
(Date and location to be announced and subject to change based upon number of participants)

Name \_\_\_\_\_ Company \_\_\_\_\_

Address \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_

Phone \_\_\_\_\_ Fax \_\_\_\_\_ E-mail \_\_\_\_\_

Name \_\_\_\_\_

*(Additional registrants, same company)*

Phone \_\_\_\_\_ Address \_\_\_\_\_

Name \_\_\_\_\_

*(Additional registrants, same company)*

Phone \_\_\_\_\_ Address \_\_\_\_\_

*(please use a separate paper for additional registrants)*

Total # Books \_\_\_\_\_ @ \$50.00 ORACCA Member- \$65.00 Non-Member

Total # Attendees \_\_\_\_\_ @\$150.00 Member - \$200 for Non-Members

*A \$35.00 "No Show" fee will be applied to registrant who do not notify ORACCA headquarters of cancelation.*

Total Retest \_\_\_\_\_ @\$100.00 - (Must have taken the original test through ORACCA)

Credit card information: \_\_\_\_\_ Visa \_\_\_\_\_ M/C \_\_\_\_\_ AMEX Amount \$ \_\_\_\_\_

Credit card Number \_\_\_\_\_ Exp Date \_\_\_\_\_

Name as it appears on Card \_\_\_\_\_ Zip Code \_\_\_\_\_ Signature \_\_\_\_\_

Check mailed to headquarters \_\_\_\_\_ Check number \_\_\_\_\_ Date \_\_\_\_\_

Make check **Payable** and **Return this form** with your check for the necessary amount to:

**Oregon Air Conditioning Contractors of America**

# Refrigerant Transition and Recovery Certification Program

The November 1994 deadline has come and gone for the EPA mandatory certification for all technicians, installers, contractors, and the like, who are involved with refrigerant handling.

ORACCA has arranged for a day long seminar, presented by Richard Stilwill. This training session is intended to prepare the participants for the required certification testing.

The presentation consists of three hours of intensive training, utilizing various teaching techniques, to acquaint participants with the materials and test, plus refrigerant. This will be followed by a two hour, EPA approved, certification test.

The Certification Types as specified by section 608 of the Clean Air Act, are as follows:

Core	Must be taken in addition to the specific levels listed below	- 25 Questions
Type I	Small Appliances with 5 pounds of less Refrigerant	- 25 Questions
Type II	High Pressure and Very High Pressure Appliances	- 25 Questions
Type III	Low Pressure Appliances.	- 25 Questions

Your ORACCA association supports this effort and urges you to approach this testing seriously. While the two previous CFC tests given in Portland earlier this year had passing rates of 90%, the national average passing these tests have been only 50%. Consequently, with this level of success locally, we have arranged to continue presenting this seminar in order to aid qualified technicians in obtaining certification and assistance in understanding some of the complexities of the test.

*We urge you to seriously study the course book*, available through ORACCA. The materials contained in the book will help you to achieve a passing grade in a level ( Type I, II, or III) in which you have expertise and practical experience. This is a closed book test. No study aid materials of any kind are allowed in the testing area. Pencils and pressure/temperature charts are provided.

We are limited to the first 20 applicants for this seminar and test. Please return your application form as soon as possible in order to insure a reservation.

For further information on the certification examination, please contact the ORACCA association headquarters by writing: ORACCA, P.O. Box 87907, Vancouver, WA. 98687-7907 or by calling 877-413-1259/360-834-3805. Fax 360-834-3507.

## *Important student notes*

- √ •During this session, our presenter will review the pertinent sections of the ACCA manual. The Seminar begins promptly at 8:00 AM and conclude with the EPA approved two hour certification test. **Lunch will be served during the Trade Show from 12:00PM until the show closes at 2:00PM.**
- √ •The Tests will be scored by the Technology Transfer Center at Pennsylvania College of Technology, One College Ave., Williamsport, PA 17701. Allow several weeks for results.
- √ •In order to obtain certification, applicants must pass the core exam, in addition to successful completion of each certification level you wish to obtain. (70% is passing)
- √ •Materials required for the Test are: Number 2 pencils, and Temperature/Pressure chart, **both supplied by ORACCA.**
- √ •The National average passing rate for the exam is presently only 50%. *The pass rate for the tests given to date by the ORACCA in Portland have averaged 96% pass rate.* Please get your book early and study for this examination, prior to the seminar.
- √ •**The cost for this certification exam is \$200.00 per participant, all ORACCA member company employees may take the course for a discounted fee of \$150.00.** To insure a firm reservation for the exam, return this form **with your check** for the appropriate amount. Space is limited to 20 participants...so register early.
