

ORACCA Presents Your 2012 Incentives !!!!

All contractors want to have something in their back pocket to “close the sale”. Where do you get this information?

January 11, 2012, Wednesday
11:30AM
NW Natural
220 NW Second Ave.
Portland, OR 97209

We have invited the Energy Trust of Oregon, NW Natural Gas, Portland General Electric and BPA to attend and discuss their various incentive programs. Learn about all the available programs in one place at one time and enjoy lunch provided by NW Natural.

So, incentive programs, the past stimulus programs from the Federal government, does it all have you thoroughly confused? Well, join the club, but hark, attending this session will give you the required knowledge or at least a contact to get the needed information. The representatives of the various organizations all have meaningful programs and will be bringing their insightful understanding of the various packages available to the HVAC contractor. This is the place to get answers for all those questions which have been nagging at you for the past few months.

What are your options and what are the best ways to present it to your customer? This is the information you need to make sales and the incentives being offered by these local entities will help you close the sale.

Come bring your sales people and learn about these important incentives firsthand from the people that can answer all your questions.
