Annual Incentive Programs For 2025

As we have done in the past, we will be reviewing the upcoming year's programs: what is new, what stays the same, and what has been discontinued. Programs include existing buildings, multifamily, residential programs, and incentive processing.

ETO has been chosen by ODOE to deliver IRA funds to invested utilities in Oregon and will thus provide an update on the Inflation Reduction Act Home Energy Rebates programs.

To kick off our program, BDR will present their latest offerings on the business side!
JUST A REMINDER: The ORACCA newsletter is going paperless. If we do not have your email address, please contact us to ensure you are included.
